

SIN CITY CHAPTER

WHY SHOULD I ATTEND A HIGH PERFORMANCE DRIVING SCHOOL?

The Sin City Chapter's driving schools are a great place to see just what you and your Bimmer can handle. Held at the Las Vegas Motor Speedway, this event provides an opportunity to learn the ways of performance driving from well-trained instructors under the safest of conditions. Once you understand how your car reacts to well defined stress levels incurred during track driving, you will be much better prepared for those highway and traffic emergencies. This is a great investment for any driver.

Our schools provide the following benefits:

- * Classroom instruction
- * Separated skill level grouping to foster more effective learning
- * Over 3 hours of behind-the-wheel experience
- * Electronic communication (radio) with an in-car instructor
- * Instructors assigned to provide maximum personal attention
- * Learn the criteria used for evaluating the performance of cars
- * Insight into the effects of high end equipment and after market modifications, saving you thousands dollars of the cost of ineffective improvements
- * Access to expert advice regarding vehicle specifics, driving tips/techniques, competitive driving, etc.
- * Qualified credit towards racing licenses
- * Camaraderie with other enthusiasts and club members from around the country
- * Saturday dinner and social event (additional cost)

Be aware, this event is serious business requiring the practical considerations of driving your car at speed and the accompanying risks. The event is not a race nor is any racing allowed. It is a controlled environment where you can safely approach the envelope of your vehicle's performance capabilities. All participants are required to be 18 years of age or older, licensed in any US state, and sign waivers of liability. No one is allowed onto the track during a school session without an approved Snell 95 or later helmet. Rental helmets are available for a fee. All vehicles must pass a Tech Inspection as dictated by our event policies. Not only do our schools always conform to the safety requirements of the Las Vegas Motor Speedway, but the minimum standards of the operations of BMW CCA as well. Every provision for your safety and well being are mandated by our procedures and processes, including full time attendance of certified emergency personnel and support. Check with your own insurance provider for details of your specific coverage and liability. We believe a safe school is an enjoyable one for everyone.

Thanks to the St. Louis BMW Club for providing this excellent summary.
